

28th Annual Network and Distributed System Security Symposium

VIRTUAL • 21-25 FEBRUARY 2021

About NDSS

- The Network and Distributed System Security Symposium (NDSS) is a leading global security conference. It fosters information exchange among researchers and practitioners of computer, network and distributed system security. Attendees include those interested in the practical aspects of network and distributed system security, with a focus on actual system design and implementation. A major goal is to encourage and enable the Internet community to apply, deploy, and advance the state of practical security technologies.

What to Expect at NDSS 2021

- Three-Day Virtual Symposium
- Around 90 peer-reviewed papers
- Invited speaker(s)
- Six co-located workshops
- Virtual Sponsor Booths
- Poster Session and Networking

Who Attends

- University Researchers and Educators
- Chief Technology and Privacy Officers
- Security Analysts and System Administrators
- Operations and Security Manage

NDSS 2021 Sponsorship Opportunities

Sponsors of the NDSS 2021 Symposium will receive:

- Visibility and recognition amongst top quality security researchers and practitioners.
- An opportunity to demonstrate your organization's support for emerging research and the next generation of leaders in the security field.
- Access to interested individuals for recruiting purposes.
